

Weinstein Firm Earns Better Business Bureau A+ Rating

August 11, 2026

Atlanta, Georgia - August 11, 2026 -

The Weinstein Firm, a personal injury law firm serving Metro Atlanta and statewide Georgia, holds an A+ rating from the Better Business Bureau, the highest rating the organization assigns to accredited businesses. According to the BBB, the rating reflects an evaluation of specified business practices, including complaint history, transparency of business operations, and responsiveness to consumer concerns. The BBB rating measures these business practices and does not certify legal results or overall client satisfaction.

The A+ rating addresses a different dimension of a law firm than peer-based honors that assess legal advocacy. Recognition from Super Lawyers, for example, reflects how fellow attorneys evaluate courtroom advocacy. The Better Business Bureau rating, by contrast, evaluates consumer-facing business practices such as communication, follow-through, and how a firm responds to questions and complaints from the people it represents. The distinction offers context for those comparing credentials when selecting a personal injury attorney in Atlanta, Georgia.

For clients reviewing legal representation, the rating provides a consumer-facing measure of business practices that operates independently of a firm's courtroom record. The BBB profile documents how a business discloses information, responds to complaints, and resolves disputes. Details on the firm's evaluation are available through the Weinstein Firm Better Business Bureau profile.

Michael Weinstein, Managing Partner of The Weinstein Firm, said the credential reflects how the firm has approached client relationships since its founding. "Legal outcomes matter most, and that will always be true," Weinstein said. "But how a firm treats its clients throughout the process is what determines whether people trust their attorney with the most difficult moments of their lives. The transparency the Better Business Bureau measures, clear fees, responsive communication, and good-faith resolution of concerns, has been the baseline of how Harris and I have operated since 2013. Maintaining that standard across thousands of client relationships is what the A+ reflects."

The Weinstein Firm was founded in 2013 by brothers Harris Weinstein and Michael Weinstein. The firm handles personal injury cases on a contingency fee basis with no upfront costs, and its A+ standing with the Better Business Bureau reflects the business practices the BBB evaluates for accredited companies. The firm represents car accident victims, motorcycle riders, cyclists, truck accident victims, and catastrophic injury clients from six offices in Sandy Springs, Decatur, Roswell, Conyers, Watkinsville, and Peachtree.

The A+ rating adds to other forms of recognition the firm has received, including Super Lawyers, the National Trial Lawyers Top 100, and Best of Georgia 2025. Each credential reflects a distinct measure, with the Better Business Bureau rating focused specifically on consumer-facing business practices rather than legal advocacy or peer assessment.
