822 Heat & Air Expands Commercial HVAC Installation and AC Repair Services Throughout Burleson

June 26, 2026

Benbrook, TX - June 26, 2026 -
822 Heat & Air, a licensed HVAC contractor serving the greater Dallas-Fort Worth metroplex, announces expanded commercial and residential heating and air conditioning services throughout Burleson, Texas. The expansion addresses growing demand for professional HVAC installation, maintenance, and emergency repair services in the rapidly developing Burleson market.

The company brings comprehensive HVAC solutions to both commercial properties and residential homes in Burleson, offering everything from routine maintenance and diagnostic services to complete system installations. With licensed and insured technicians trained on modern high-efficiency equipment, 822 Heat & Air provides ac repair burleson residents and businesses can rely on for both scheduled maintenance and emergency situations.

"Burleson has experienced significant commercial and residential growth, creating increased demand for reliable HVAC services," said David, spokesperson for 822 Heat & Air. "Our expansion into this market

allows us to provide both large-scale commercial installations and residential services with the same level of professional expertise and commitment to quality that our customers throughout the DFW metroplex have come to expect."

The expansion brings a full range of HVAC capabilities to Burleson businesses and homeowners. Commercial clients can access specialized services designed for larger buildings and complex systems, including complete installation projects, preventive maintenance programs, and rapid-response repair services. Residential customers benefit from diagnostic and repair services for refrigerant leaks, electrical components, compressor problems, and airflow issues, along with seasonal tune-ups and complete system replacements when needed.

822 Heat & Air technicians handle all aspects of HVAC service, from simple repairs and system recharging to condenser and coil servicing. The company provides upfront, itemized quotes for all installation projects and guarantees their installation work. For systems experiencing poor cooling performance, unusual noises, or high energy bills, the company offers comprehensive diagnostic services to identify and resolve issues efficiently.

The Burleson AC service expansion includes emergency repair capabilities, recognizing that HVAC failures often occur at inconvenient times. The company maintains a team of technicians ready to respond to urgent service calls for both commercial and residential clients throughout the Burleson area.

Beyond Burleson, 822 Heat & Air maintains service operations throughout the Dallas-Fort Worth metroplex, including Crowley, Joshua, Midlothian, Cedar Hill, Benbrook, Mansfield, Godley, Duncanville, Weatherford, Arlington, Grand Prairie, Alvarado, and Cleburne. The company holds Texas license TACLA65080C and offers financing options subject to credit approval and eligibility requirements.

822 Heat & Air specializes in commercial and residential HVAC services, including complete system installation, ductwork, maintenance, and repair. The company focuses on ensuring optimal comfort and energy efficiency for clients throughout the greater Dallas-Fort Worth area, utilizing current technology and techniques to deliver effective heating and cooling solutions for properties of all sizes.
